

Year 2 - Friday	
<i>Spellings</i>	Look at the word, cover the word, write the word, check the word Repeat these 3 times for each of the words. Complete the sentences using the spelling words.
<i>English</i>	In English, the children have been looking at the story 'Paddington' and they are going to be creating their own advert for marmalade (next week). Children will be looking at different sentence types (statements, commands, questions and exclamations). Children should write an example of each sentence type that they could use in their advert to persuade someone to buy marmalade.
<i>Maths</i>	Next week in maths children will be recapping their learning about fractions. 1. Can you read and colour the fractions? 2. Can you find the fraction of the amount?
<i>Reading</i>	Complete Task 1 reading – All about bees Read the text and answer the questions Extension: Create your own poster all about bees
<i>Handwriting</i>	Practice the words in your best handwriting.
<i>Time tables</i>	Use the sheets to practice your 2 and 5 times table
<i>Extra - Art</i>	Use whatever you have at home to create an artwork of your choice.

Spelling

look and say	look, say and write	cover and write	check and write again
improve			
sure			
sugar			
eye			
could			

I have in my cup of tea.

I wink with one .

I am that we can work it out.

I will my work.

We play a game together.

	Look	Say	Cover	Write	Check	Correction
joyless						
slowly						
quickly						
careless						
fearless						

Now that you know your spellings, can you match them with the correct picture?

English - write an example of each sentence type that you could use in your advert.

Command:

Question:

Statement:

Exclamation:

Reading - read the text and answer the questions

All About Bees

Where Do Bees Live?

Bees can be found all over the world except in Antarctica.

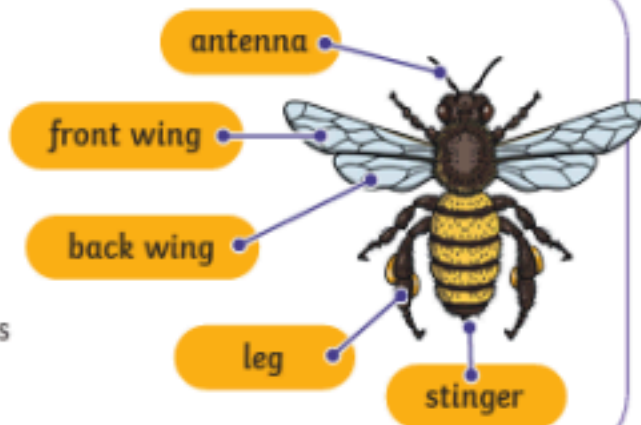

Some types of bees live in groups called 'colonies'. Other types of bees live alone.

What Do Bees Look Like?

Bees are a type of insect. They have four wings and six legs.

Only female bees have stingers. They use their stinger to protect themselves and their nest.

What Do Bees Eat?

Bees get all their food from plants.

They like to eat nectar and pollen from flowers. Nectar is a sticky liquid. Pollen is a yellow powder.

All About Bees

Types of Bees

There are lots of different types of bees! In the UK, the most common types of bees are honeybees and bumblebees.

Honeybees

Most honeybees live in beehives.

They make honey so that they have something to eat in winter. This is because there are fewer flowers to feed from.

Honeybees perform a 'waggle dance'. This is a way of moving their bodies to tell other bees where they can find food.

Bumblebees

Bumblebees live in nests. Some types of bumblebees build their nests underground.

Bumblebees have smelly feet! They use this smell to tell each other apart.

Questions

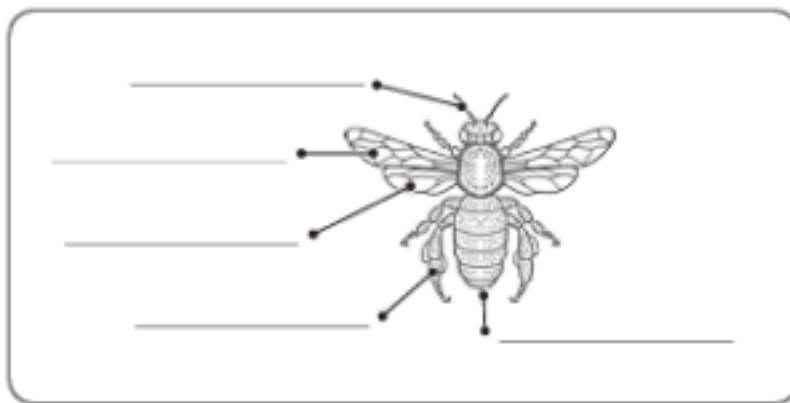

All About Bees

1. Bees can be found all over the world, except in _____. **Tick one.**

- ☐ the UK
☐ America
☐ Antarctica

2. What are groups of bees called?

3. Label the bee.

4. What do bees like to eat?
