1. Logging into SchoolMoney

To log into **SchoolMoney**, please go to www.schoolmoney.co.uk and hover over the Login button in the top right-hand corner.

A drop-down box will appear, select the **Parent Login** option.

This will then send you to the parent login page.

Please enter the following information:

- Your mobile number
- Your email address
- The password the school has sent to you by text or email
- Your child's first name

Press Log In when you are ready.

Please note: The school will have sent you a password via text/email. If you have not received a message with a password in it, please contact the school directly to request one.

Please note: Only enter your child's **First Name**. This needs to be spelled in the same way as the school has it entered on their system, e.g. If the school's records have your child's name spelled as Samuel you should not enter Sam.

You will be logged into your SchoolMoney account providing the details that you have entered are correct.

Please note: If for any reason it won't allow you to log on, we would advise that you contact your school to double check the mobile number/email address that they have recorded against your child on **SchoolMoney**. If you are entering different details to the school, you will be unable to login until the school change your child's details.

If you are logging in for the first time, you will be required to reset your automatically generated password.

The screenshot shows a mobile app interface for password reset. At the top left is a 'Log Out' button with an arrow icon. In the center is the SchoolMoney logo (a green circle with a white 'm' wave) and the text 'schoolmoney'. Below the logo is the instruction: 'To help keep your account secure, please update your password'. There are three input fields: 'Current Password', 'New Password', and 'Confirm New Password'. Below these is a section titled 'Your new password must:' followed by a bulleted list: 'Be at least 8 characters in length', 'Contain at least one uppercase letter', and 'Contain at least 1 number'. A line of text below the list states: 'Your new password will be applied to all of your children who attend this school.' At the bottom is a green button labeled 'Save Password'.

A box will appear upon logging in that will ask you to type in your current password and then also create a new password you can use going forward.

Please note: *If you forget this password, you will need to ask the school to send you a reset password message.*

Once you are happy with your new password, press Save and you will proceed to your account.

2. Making a Payment

Once you have logged into your account, you will then be able to make payments for your child.

If you have more than one child that attends the school, their payments will show beneath their names. Names are listed alphabetically.

Any dinner arrears that your child has accumulated will appear first on the list, followed by payments that the school has set up for things such as trips, clubs, and fees.

You may find that some of your payments are highlighted in a different colour:

Green: this means that you can pay off the amount in smaller chunks up until the due date when you will need to pay it off in full. Click into the green box and amend the amount.

Orange: this means you can pay as much towards this payment as you would like. This will then remove any remaining cost so that you do not have to pay any more towards it. You can pay either more or less than the amount stated.

You will also be able to see that some of your due dates are in grey and some of them are in red. The due dates that are marked in red are payments that are overdue and need to be paid as soon as possible.

You may also find that when you select a certain payment, a pop-up will appear asking for your consent. You will have to give your consent to pay for this item/instalment.

Once you have selected all of the payments you would like to purchase, you will find them listed on the right-hand side of your screen. If you want to remove anything from your basket at this point, click the X next to the item. Click on the 'Make Payment' button when you are ready to check out.

The system will take you to a screen where you can enter your card details. You will have to do this every time that you want to make a payment due to the security of the system. **We do not store debit/credit card details.**

A screenshot of a payment modal window for SchoolMoney. The modal has a white background with a thin grey border and a close button (X) in the top right corner. At the top center is the SchoolMoney logo, a green circle with a white wavy line inside. Below the logo is the text 'SchoolMoney' in a bold, black, sans-serif font. The form contains several input fields: 'Cardholder name' (a single line), 'Card number' (a single line), and two side-by-side fields for 'Expiry' and 'CVV'. At the bottom left, it says 'Powered by' followed by the 'Paysafe' logo. A large, solid green button at the bottom center contains the text 'Pay £20.00' in white.

A confirmation pop up will appear once you have selected 'Pay Now' so that you know the details have been processed and you will receive an email receipt shortly afterward.

3. Dinners

3.1 Dinner Top Up

If your school asks you to top up your child's dinner account, this will be found in the Dinners section of the options menu on the left-hand side of your screen.

When you click on Dinners, it will come up with a screen that shows your child's dinner balance with an option to top up below.

To top up, change the cost in the green box to the amount you would like to pay and click the + sign. This will add the cost to your basket on the right.

3.2 Dinner Bookings

If your school wants you to book dinners, there are a few ways that they could ask you to do this.

Please note: If your child is eligible for free school meals or universal infant free school meals then you can book as normal but you will not be charged.

Regardless of the various options, the first thing that you need to do is go to Dinners in the options menu. This will take you to a screen that will show each of the dinner weeks that are available to pre-book under your child's name.

The screenshot shows the SchoolMoney app interface. On the left is a green sidebar menu with options: Payments, Dinners, Clubs, School Shop, Parental Consent, History, and an Important Notice regarding Online Payment Security. The main area displays a list of dinner bookings for two children, Jake and Lauren. Each child's section shows four weeks of school lunches with a plus sign next to each week for booking. The right side of the screen features a large shopping cart icon and a summary section showing Dinner Credit (£0.00), Club Credit (£0.00), and Total To Pay (£0.00), with a 'Make Payment' button and logos for VISA, Mastercard, and others.

The screenshot shows the 'Clubs' section of the SchoolMoney interface. On the left is a green sidebar menu with options: Payments, Dinners, Clubs, School Shop, Parental Consent, History, and an Important Notice regarding Online Payment Security. The main area displays two child accounts: Lauren (balance £0.00) and Jake (balance £10.00). Under Lauren's account, there is a 'Club Top Up' row with a green box containing '£15.00' and a '+' button. Below this are five rows for 'Afterschool Club - WC' with dates from Mon 02 Sep 2019 to Mon 30 Sep 2019, each with a '+' button. On the right, there is a large shopping cart icon. At the bottom right, it shows 'Dinner Credit: £0.00', 'Club Credit: £0.00', and 'Total To Pay: £0.00' with a 'Make Payment' button and logos for VISA, Mastercard, and others.

8. Changing Passwords

When you are sent your initial welcome message you will receive a system-generated password. However, once you are logged in you can amend this password to something more memorable.

- Log in to your account with the password that the school has provided to you
- If you are using a computer you will see 'Change Password' in the top right-hand corner. If you are using a mobile device, when you navigate to the menu sidebar it will be listed below History.

Please Note: If you have more than one child at the school; you can change the password for one student and the change will apply to all of the children who attend the school.

- A screen will pop up asking for you to type in your current password (the one that the school sent to you and then enter and confirm your new password. These passwords must include:

- At least 8 characters.
- At least 1 capital letter
- At least 1 number

- Select Save Password

Forgotten password? A 'Password Reset' message can be sent to you via text message or email with a special URL that will take you to a website where you can set a new password. If you need to reset your password you will need to contact your school and ask them to send you this message.

A screenshot of the SchoolMoney password reset interface. At the top is the SchoolMoney logo (a green circle with a white wavy line) and a close button (an 'X' icon). Below the logo is the text 'schoolmoney'. The form contains three input fields: 'Current Password', 'New Password', and 'Confirm Password'. Below these fields is a note: 'If you use SchoolMoney for more than one child, your new password will be applied to all of your children who attend this school.' At the bottom is a green button with the text 'Save Password'.

9. FAQ

I cannot log in to my account

If you are receiving the invalid Login Details error when trying to log into **SchoolMoney** we would advise you to take the following steps:

- Check that the mobile number/email address the school has on record for you matches the details you are entering
- Ask the school to send you a reset Password link. You will then be able to change your password to something more memorable
- Make sure you are entering your child's first name only
- Try logging in with a different device
- Login with a wifi connection and not 4G
- Make sure you are not autocompleting the details. Type each section in from scratch
- Clear your history/cache on the device you are using
- Make sure that you are not keeping the website open in the background of your device. Close it completely before trying to login again.

I am logging in with one child but cannot see my other children, what is wrong?

If your children attend the same school but you cannot see them when logging in, it will be because they are not linked as siblings on the **SchoolMoney** system. To link children as siblings the mobile numbers and email addresses need to be the same. We advise that you contact the school and ask them to check that all of your children's details match.

I have forgotten my password

A 'Password Reset' message can be sent to you via text message or email with a special URL that will take you to a website where you can set a new password. If you need to reset your password you will need to contact your school and ask them to send you this message.

I have not received a message from my child's school with the password

You will need to speak to your child's school directly and ask them to either send you the welcome message which will include your pre-set password, or a password reset link.

I have separated from my partner, can we both have a login

The **SchoolMoney** system does have a feature that enables schools to add secondary contacts to the system. This will then create a separate login for the secondary contact. Whilst this is something that **SchoolMoney** can do, please be aware that offering this to parents is at the schools' discretion.

Can I change my password?

When you first log in to **SchoolMoney** you will be sent a system-generated password. Once you have logged in you are able to change your password as explained on Page 20 of this guide. If you forget your password or what to reset it before you have logged in for the first time, you can ask the school to send you a password reset link.

What happens if I change my mobile number or email address?

If you change any of your contact details, you need to let the school know as soon as possible. If they do not have the correct contact details for your child then you may not be able to access your **SchoolMoney** account and you won't receive message updates from the school.

Does SchoolMoney store my card details when I make a payment?

SchoolMoney never stores card details, making the process of paying for your child's school items highly secure. Each time you start the payment process you will need to input your card details.

Do you offer the facility to pay by PayPal?

We do not currently offer the facility to pay by PayPal. If you would like more information on which payment methods the school allows other than online, you will need to contact them directly.

Do you offer the facility to pay by PayPoint?

PayPoint enables you to pay for your child's trips, dinners, etc without using the online facility. You will need to contact your child's school and request a PayPoint barcode sheet. Green: this means that you can pay off the amount in smaller chunks up until the due date when you will need to have paid it off in full. Click into the green box and amend the amount.

Orange: this means you can pay as much towards this payment as you would like. This will then remove any remaining cost so that you do not have to pay any more towards it.
