

Freedom of Information Policy and Publication

Autumn 2025

Introduction

The Freedom of Information Act 2000 (FOIA) was introduced to promote greater openness and accountability across the public sector and requires all maintained schools and Academies to be clear and proactive about the information they will make public.

As a result, we at **Haydon Abbey School and Pre-School** have produced a publication scheme, setting out:

- The classes of information which we publish or intend to publish.
- The manner in which the information will be published; and
- Whether the information is available free of charge or on payment.

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available in paper form, some is available electronically on our website for you to download and print.

Some information which we hold may not be made public, for example, personal information.

The Information Commissioner's Office (ICO) has prepared and approved a model publication scheme which may be adopted without modification by any public authority without further approval and will be valid until further notice. Haydon Abbey School and Pre-School has adopted this model publication and further information is set out within this document.

The Aims of the Policy

The school aims to:

Enable every child to fulfil their learning potential, with education that meets the needs of each child
Help every child develop the skills, knowledge and personal qualities needed for life and work

This publication scheme is a means of showing how we are pursuing these aims.

Publication Scheme - Categories of Information Published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. Statutory, and additional contents the school have chosen to add, can be seen in our Publication Scheme in Appendix 1.

The classes of information that we undertake to make available are organised into the following area:

- School Prospectus – information published in the school prospectus.
- Governors' Documents – information published in governing body documents.
- Pupils & Curriculum – information about policies that relate to pupils and the school curriculum.

School Policies and other information related to the school - information about policies that relate to the school in general.

How to Request Information

If you require a paper version of any of the documents within the scheme, the request must be made in writing by email, fax or letter giving clear details of the information requested. Written notice of any fee will be provided to the enquirer before any information is supplied.

To help us process your request quickly, please clearly mark any correspondence “PUBLICATION SCHEME REQUEST” (in CAPITALS please). If the information you are looking for is not evident via the scheme or on our website, then a Freedom of Information (FOI) request is needed. This must be in writing and must contain the requestor’s name and contact details; either postal address or email address for the response to be sent.

All FOI requests must be responded to by us within 20 working days from receipt (excluding school holidays).

Withholding Information

The FOI Act contains 23 exemptions whereby information can be withheld. There are two categories: absolute and non-absolute. We will only withhold information if it falls within the scope of one or more of these exemptions. Complete files or documents will not be withheld just because part of the information is covered by an exemption.

An exemption will only be applied where we have reason to believe that prejudice might occur to the interest protected by the exemption. In addition, wherever a “public interest” exemption is being considered, we will only withhold that information which it can demonstrate that the public interest will be best served by withholding. When considering withholding information under a non-absolute exemption we will take into account whether the release of the information would:

- promote further understanding of current issues of public debate;
- promote the accountability of decisions taken by us and the spending and allocation of public money;
- bring to light matters of public safety;
- allows the public to understand and challenge decisions made by us;
- be otherwise in the public interest.

Where information is withheld under an exemption in most cases the reason behind the decision will be made clear to the applicant, citing the exemption under which the information is being withheld.

Charges which may be made for information published under this scheme

The purpose of this scheme is to make the maximum amount of information readily available at minimum inconvenience and cost to the public. Charges made by the authority for routinely published material will be justified and transparent and kept to a minimum.

Material which is published and accessed on a website will be provided free of charge.

Charges may be made for information subject to a charging regime specified by Parliament.

Charges may be made for actual disbursements incurred such as:

- Photocopying
- Postage and packaging

- The costs directly incurred as a result of viewing information

Charges may also be made for information provided under this scheme where they are legally authorised, they are in all the circumstances, including the general principles of the right of access to information held by public authorities, justified and are in accordance with a published schedule or schedules of fees which is readily available to the public.

Charges may also be made for making datasets (or parts of datasets) that are relevant copyright works available for re-use. These charges will be in accordance with the terms of the Re-use of Public Sector Information Regulations 2015, where they apply, or with regulations made under section 11B of the Freedom of Information Act, or with other statutory powers of the public authority.

If a charge is to be made, confirmation of the payment due will be given before the information is provided. Payment may be requested prior to provision of the information.
